

Article No. 3401

**Easy. Comfortable. Safe.**

With the clever and practical “stop & go” locking system, the umbrella can be closed easily and without much effort. The stop function ensures that the shaft can be fastened in any position and does not jump back.

## The Mini pocket umbrella with „Stop and Go“ safety locking system

**Frame:** Glass fibre reinforced aluminium frame. 3-part metal shaft. All metal parts eloxated in black. Extra short tips.

**Handle and Cap:** Simple, beautifully shaped ABS handle with practical carrying strap. Clearly visible open/close button integrated in the handle. Flat, black ABS cap at the top.

**Canopy and Case:** Extra light and robust polyester fabric, matt with dirt- and water-repellent Teflon®-coating. Case with oval opening in the same material and same colour as the canopy.

**Colour:**

black
