

# ONLY GOOD GIFTS SUSTAIN FRIENDSHIPS

For over a century, our family, now known as **EBERHARD GÖBEL GMBH+CO.KG** – has been dedicated to developing and producing umbrellas.

The production has predominantly shifted to Asia in recent decades. Today, we exclusively collaborate with business partners that we've trained for many years, sensitizing them to the highest quality

standards. The continuous transfer of know-how to our partners allows us to guarantee impeccable craftsmanship at every price point.

Before introducing our products to the market, they undergo rigorous in-house durability tests. We invest in quality, not expensive certificates that serve only to enhance our image. Beyond our core

product range, which you'll find on the following pages, we bring your unique product ideas to life.

Our extensive modular system, comprising top-of-the-line golf umbrellas, the world's best trekking umbrellas, and our luxurious classic umbrellas, offers almost unlimited customization possibilities. All our products make excellent customer gifts.

We find the term „promotional umbrella“ too simplistic. Only good gifts sustain friendships! Our in-house design department is here to support the realization of your unique product. Benefit from our decades of experience!

**Your Euroschirm-Team**

**Our extensive warehouse inventory is at your disposal, which we can promptly imprint with your logo. Upon request, we also develop and produce your completely customized product, meeting 100% of your specifications and requirements.**

**All products presented in the catalog are exclusively stock items - all colors are typically available in large quantities. On-site logo printing is possible, ensuring fast delivery times.**

**Upon request, we also manufacture your entirely individual product.**

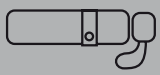

**For small quantities, we leverage an extensive fabric inventory (100 different colors) in our production facility in the China - eliminating minimum quantities for these fabric colors.**

**Individual branding options:**

- Logo imprints on the canopy
- Embroidered logos on the canopy and/or case
- Woven labels with your logo
- Logo imprint on the handle
- Intarsia with your logo in the handle
- etc.

## 1B28 birdiepal select

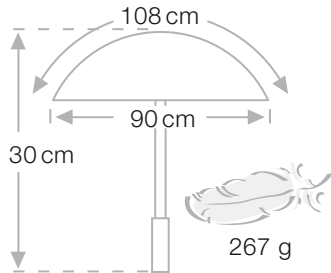

**The sporty-elegant automatic pocket umbrella – compact, lightweight, and stable.**

Your constant companion in your brief-case. Using the highest quality materials such as carbon and the softest cow leather, combined with the latest and most reliable automatic open/close mechanism, this umbrella meets the highest standards of material and perfection.

### Colour:

black

## The modern business pocket umbrella with real carbon frame

**Frame:** Extremely wind-stable ribs made of real carbon and stainless steel, featuring the latest automatic open/close function.

**Handle and Tip:** Aerodynamic straight ABS handle with an integrated release button and a matt surface that's gentle to the touch. With a brand logo inlay and a real leather wrist strap.

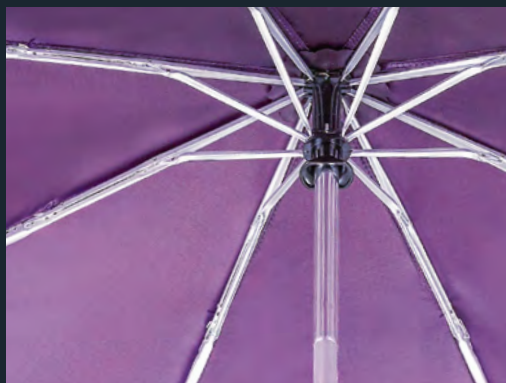

**Canopy and Cover:** High-quality and durable high-quality polyester fabric with a silky sheen and a permanently water-repellent coating (lotus effect). With a brand logo woven label on the canopy and case. Case with real leather piping.

birdiepal<sup>®</sup>  
select

## The small, lightweight pocket umbrella with a large canopy

**Frame:** High-quality aluminum/fiberglass components. Extra light yet stable. All aluminum parts are corrosion-resistant anodized. Easy handling with automatic open/close.

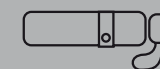

**Canopy:** High-quality polyester-silk fabric, thin and extremely durable. With a permanently water-repellent top layer (lotus effect) for the highest water repellency and exceptional resistance to dirt.

**Case:** Made of robust polyamide fabric.

birdiepal<sup>®</sup>  
surprise

3427 birdiepal surprise

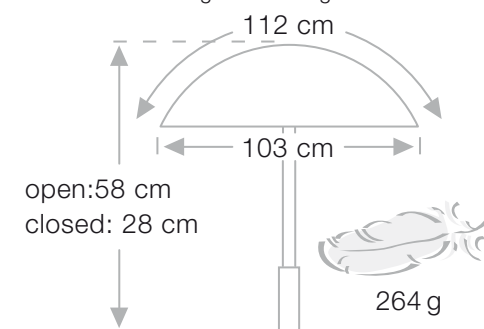

**For ladies and gents**

The ideal umbrella as a daily companion for all occasions. With a length of only 28 cm when closed and a flat design, it fits into your briefcase, the glove compartment of your car, or even a small handbag.

**Colours:**

black aubergine dark green anthracite

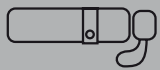

3327 The affordable version

With a slightly smaller diameter of 98 cm (span: 107 cm) and without the birdiepal surprise logo.

**Case and canopy:** Polyester, matt finish  
**Colours:** navy blue and black.

32P7

**Fully automatic pocket umbrella  
made from sustainable materials  
from the handle to the tip.**

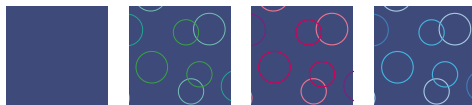

For the environment:

- Polyester fabric made from recycled PET
- Lotus effect – 100% PFC-free
- FSC-certified genuine wood handle made from beech
- Wrist strap made from organic cotton
- Wind-resistant frame guarantees long life

At the push of a button, the practical pocket umbrella opens and closes automatically

**Fabric Colour:** navy blue

**Print designs:**

PWD

## The environmentally friendly pocket umbrella in fashionable designs

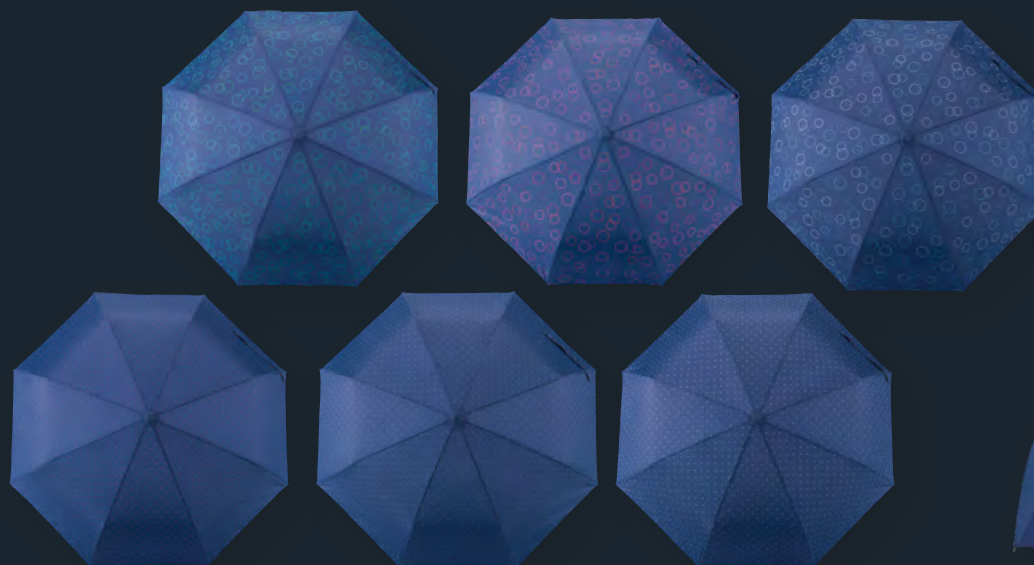

**Frame:** Automatic open/close frame; high wind stability thanks to shatterproof fiberglass ribs and stable metal elements. 3-part metal shaft in black, powder-coated.

**Handle:** Elegant and handy real wood handle made from beech (FSC certified) with an integrated release button, coated in matt finish. Wrist strap made from organic cotton.

**Canopy and Case:** High-quality polyester fabric made from recycled PET in navy blue, matt finish. Water repellent and 100% PFC-free.

## Sporty design and highest quality in materials and workmanship

**Frame:** Reliable quality frame with automatic open/close; 8 ribs (combination of metal, nylon-glass fibers, glass fibers); highly flexible in the wind (wind-proof) and with a 3-piece, robust metal shaft in black (hexagonal shape).

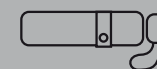

**Handle and Tips:** Sporty, straight designer handle made from genuine leather (black) with handcrafted decorative stitching (LBL) or genuine carbon (CBL); integrated open/close button and inlay with Birdiepal logo; extra short tips made of metal – minimized risk of injury.

**Canopy:** Robust polyester fabric in black with matt finish.

**Case:** Made from the same material as the canopy with black inner lining and a practical zipper.

3034

#### For gents

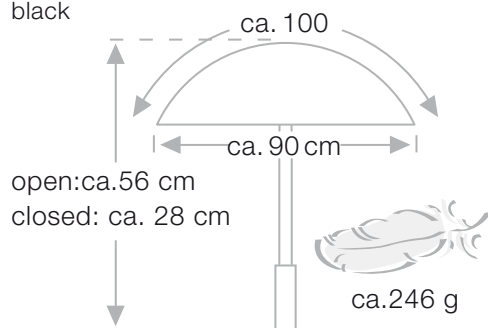

The daily companion for the modern businessman. Finest leather and high-quality craftsmanship give this umbrella first-class quality and elegant design.

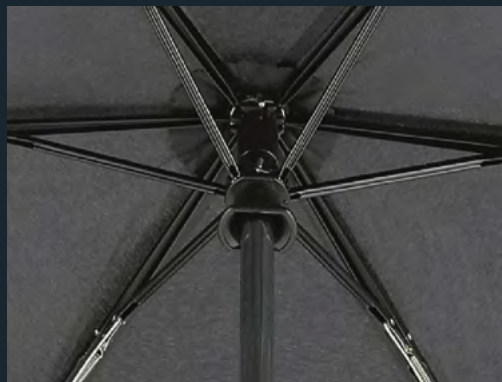

#### Colour:

black

## The super-flat leather pocket umbrella

**Frame:** Wind-stable and highly flexible frame with an extremely reliable automatic open/close mechanism.

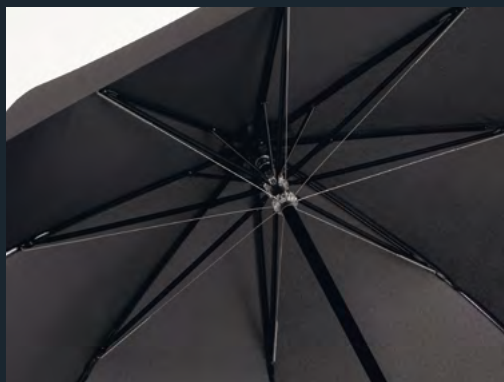

**Handle and Case:** Real leather handle for a comfortable feel. Case made from real leather – matching the handle.

**Canopy:** Particularly lightweight and tear-resistant canopy made from polyester fabric with a permanently water-repellent top layer (lotus effect). Double seams between the individual panels.

## The classic high-end umbrella for elevated requirements

**Frame:** Intelligent combination of aluminum/stainless steel and fiberglass ribs. Continuous and solid carbon shaft up to the tip. All aluminum parts anodized in black.

Innovative push-opening mechanism with a functional chrome-plated metal slider – matching the chrome parts of the handle.

**Handle and Slider:** Ergonomic design, all metal parts chrome-plated. Middle part made of hand-friendly POM, black, hand-polished to a high gloss.

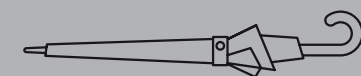

**Canopy und Case:** Lightweight and durable polyester-silk fabric (with a silky sheen) in black, with a permanently water-repellent coating (lotus effect) and double seams between the panels.

Convenient insertion and removal of the umbrella facilitated by additional nylon fabric on the inside. Cover with zipper in the upper part, chrome-plated.

**Individual Packaging:** High-quality gift packaging in anthracite.

## THE CARBON UMBRELLA

### W1EG Carbon Umbrella

**Timeless Elegance – Classic stick umbrella in perfection**

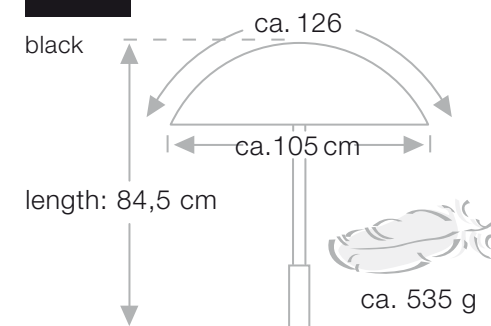

This luxury umbrella is more than just an accessory. The highest quality materials and innovative frame technology make this umbrella a true experience. Look forward to the next rain!

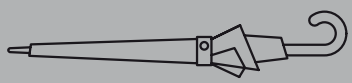

**Colour:**

black

## W109 Kompliment

**Stick umbrella for ladies**

**Colours:**

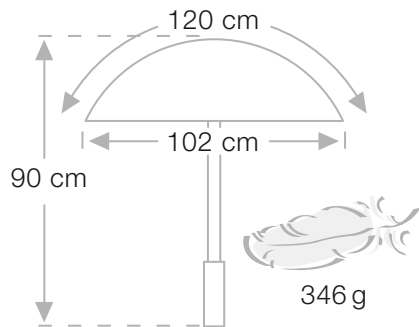

black cherryred graphit darkgreen

nightblue mistel merlot mocca

Also available with silver-metallic UV coating upon request. UV protection factor UPF 50+.

**Simplified version: W109-X**

All details as in W109 Compliment – but with a simpler black metal frame and without the Compliment imprint on the shaft.

## Designer stick umbrella for ladies

**Awarded!**  
**Design Center Stuttgart**

**2001**

**Frame:** High-quality aluminum/fiber-glass frame. All aluminum parts are corrosion-resistant anodized.

**Handle:** Elegant aluminum handle with a black coated surface that is gentle to the touch.

**Canopy:** High-quality polyester-silk fabric. Thin and extremely durable. With a permanently water-repellent coating (lotus effect). This means the highest water repellency and exceptional resistance to dirt.

The straight style and the play with material effects – gloss and matte – create the special design of this innovative umbrella.

## Design with a novel opening mechanism!

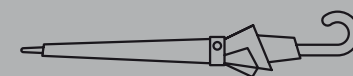

**Frame:** Newly developed aluminum/ fiberglass frame. All aluminum parts are corrosion-resistant anodized, with a ingenious and novel opening and closing mechanism.

The excellent design and the surprisingly easy-to-trigger opening mechanism – clearly visible and logically constructed for the shortest opening push (11.5 cm) – will also impress you.

**Handle:** Elegant aluminum handle with a black coated surface that is gentle to the touch

# Kompliment®

## W110 Kompliment

### Stick umbrella for gents

Large canopy and extra light with a novel and ingenious opening and closing technique. With this umbrella, you point out your understanding of technology and design.

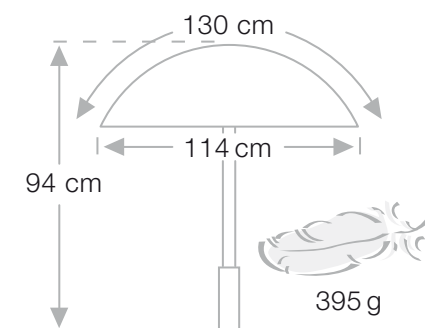

### Colour:

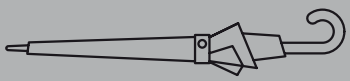

black

Also available with silver-metallic UV coating upon request. UV protection factor UPF 50+.

**Canopy:** High-quality polyester-silk fabric. Thin and extremely durable. With a permanently water-repellent coating (lotus effect). This means the highest water repellency and exceptional resistance to dirt. Includes Kompliment sewn-in label on the canopy and Kompliment logo imprint above the handle logo imprint above the handle same as W109 Kompliment.

W1U3

### For gents

The high-quality stick umbrella for gents impresses with its simple elegance and sets subtle standards in the classic category. Perfectly processed materials – wood, metal, matt finished polyester fabric – in an appealing combination.

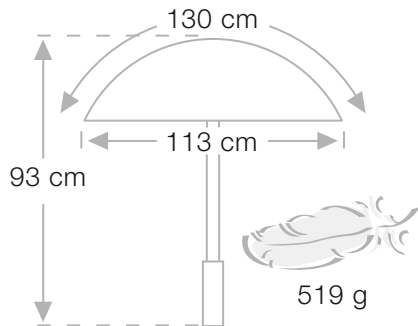

### Colours:

black

navy blue

## Classic elegance

**Frame:** Manual open and close. 10 high-quality and robust metal ribs, black powder-coated and corrosion-resistant. Newly developed and elegant metal slider that integrates the ribs.

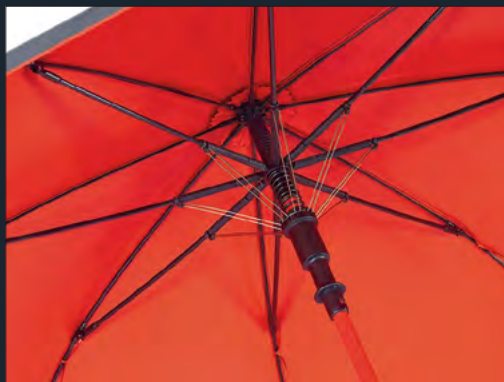

**Shaft, Handle, Tip:** Wood with fine grain, stained and colorless matt lacquered. With an inlaid metal decorative band on the handle.

**Canopy:** High-quality polyester fabric, matt finish.

**Pure color contrasts –  
Set accents even on gray days!**

**Frame:** 14mm solid fiberglass shaft in bright orange. 8 extra reinforced fiberglass ribs in black. 100% reliable automatic open mechanism with an integrated release button in the handle.

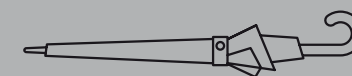

**Handle, Top, and Tips:** Comfortable handle made of EVA foam creates a dry and non-slip feel in wet conditions. Top also made of high-density EVA hard foam. Patented safety tips made of ABS with abrasion protection.

**Canopy und Case:** High-quality polyester case: outside in black, inside PU-coated in bright orange. UV protection factor 50+. Modern and practical nylon protective case for wearing on the back– with mesh insert for optimal ventilation. Brand label on the case and on the canopy.

**birdiepal<sup>®</sup>**  
seasons

W209 birdiepal seasons

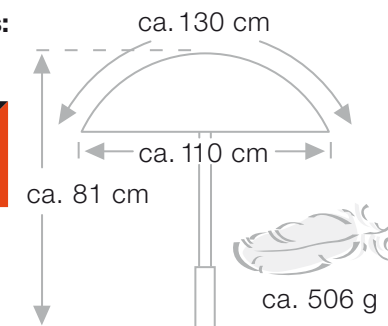

**The lifestyle city umbrella with an  
intense color effect – for her and him**

Modern automatic stick umbrella. Extraordinary wind-resistant due to a stable fiberglass frame. Fiberglass shaft, handle elements, and inside of the case in bright orange. All other elements in matt black, so that the orange tone stands out even more. With this umbrella, you'll stand out!

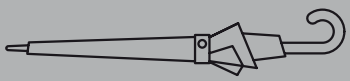

**Colours:**

black/  
orange

W335

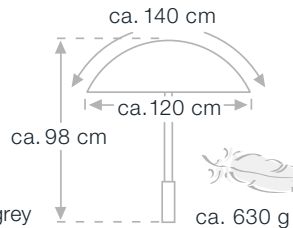

**The automatic stick umbrella with an elegant two-tone design looks very stylish and sets accents. 100% wind-resistant frame and round handle made of real leather.**

The classic automatic partner umbrella with an elegant two-tone design offers enough space for 2 people. The high-quality is particularly evident in the processing of the round handle made of genuine leather and the details. Solid fiberglass ribs and a sturdy shaft made of aluminum (in black) guarantee durability and high wind stability.

#### Colour:

combination  
black/light grey

## The classic partner umbrella for her and him – timeless elegance

**Frame:** Automatically opening. Wind-resistant ribs made of fiberglass. Stable matte black anodized aluminum shaft.

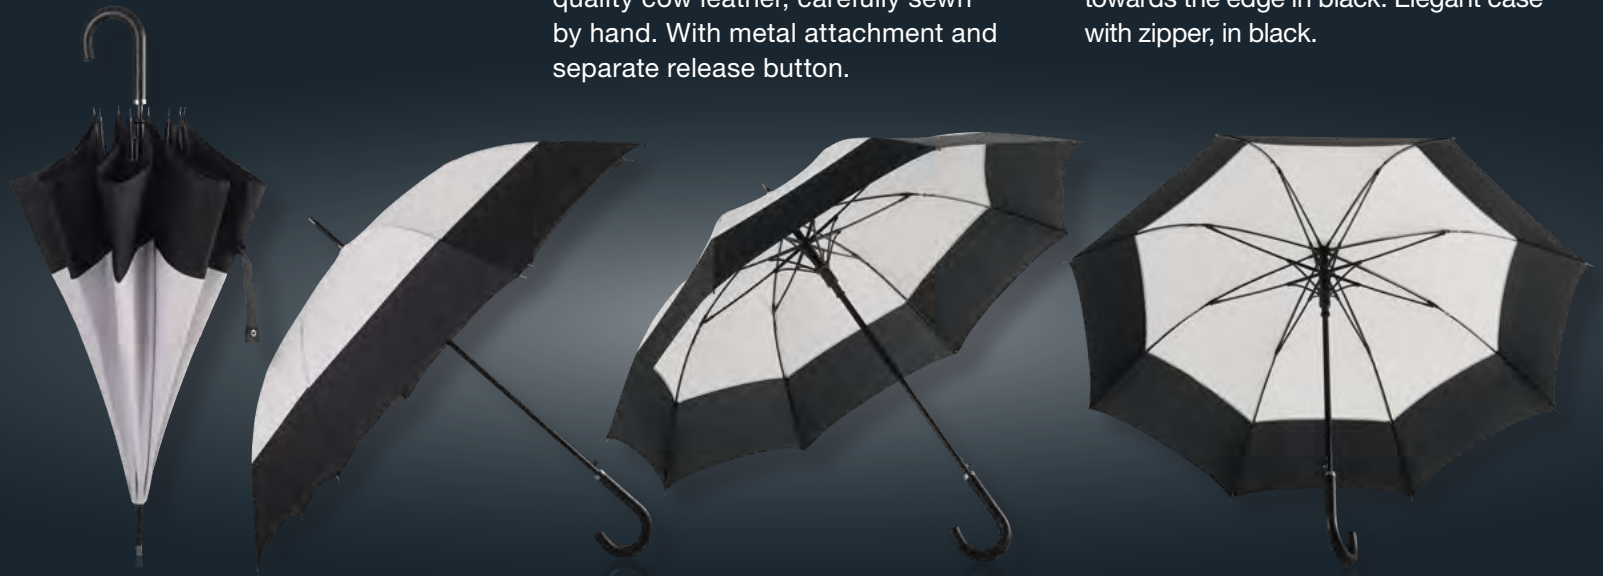

**Closure Band and Tips:** 3 cm wide closure band with metal press button. Classic metal tips.

**Umbrella tip:** Stable metal tip.

**Canopy und Case:** Polyester Pongee fabric in matt finish, two-tone (dyed, not printed): inside in light grey, outside towards the edge in black.

**Handle:** Round handle made of high-quality cow leather, carefully sewn by hand. With metal attachment and separate release button.

## The special one with the elegant dome and the many segments

**Frame:** 14mm metal shaft with elegant chrome gloss and 16 sturdy metal ribs. The safety slider allows convenient manual opening and closing without pinching the fingers.

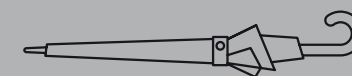

**Handle and Tip:** Designer round handle made of aluminum with a coated surface (black) and printed brand logo.

*Metropolitan®*

**Canopy und Case:** High-quality and durable polyester fabric, matt finish. With brand logo woven label on the canopy and the case. 89 cm

W116 Metropolitan

**The lifestyle umbrella with an elegant canopy – for her and him**

Classic stick umbrella with hand opener, 100% wind and weather-proof. The elegant dome with the 16 segments makes the umbrella a real eye-catcher. The round handle fits well in the hand and convinces with its consistently straight design.

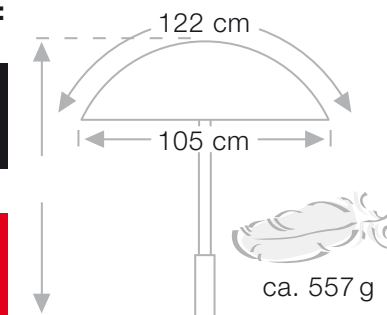

**Colours:**

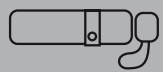

black

red

32S7

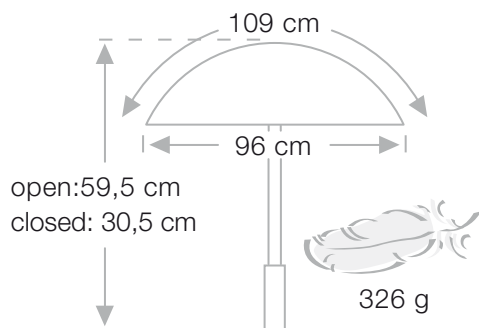

### For ladies and gents

The handy pocket umbrella with its reliable automatic open/close frame fits comfortably into a briefcase or handbag. With color-matching components and a particularly hands-friendly designer handle.

### Colours:

black    anthracite    navy blue

## The designer pocket umbrella

**Frame:** Reliable and automatic open/close frame, aluminum-fiberglass ribs, 3-part sturdy metal shaft.

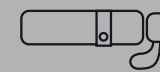

**Handle:** Particularly hands-friendly designer handle – printable with your logo. With matt surface and metallic color coating in the color of the canopy.

Clearly visible automatic release button integrated into the handle. Aluminum ribs in silver and also in black (optional with black canopy).

**Canopy und Case:** High-quality polyester fabric, matt finish.

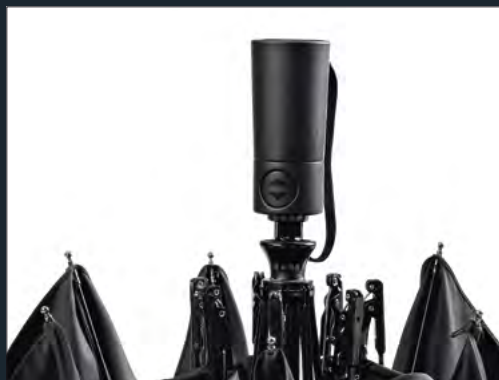

3020

## Compact and comfortable – with an exceptionally smooth closing mechanism

**Frame:** Innovative metal frame with automatic open/close; 7 ribs reinforced with fiberglass (windproof); 3-part, sturdy metal shaft in black (hexagonal)

**Handle:** Straight, sporty handle made of plastic in black, matt finish; with nylon carrying loop and integrated release button for opening and closing

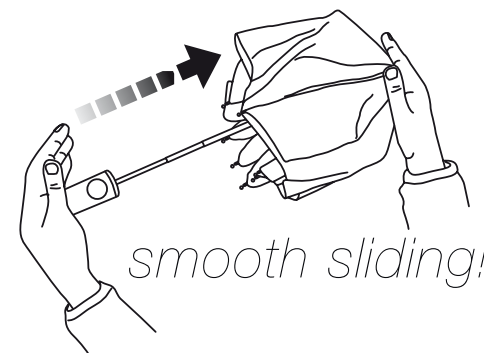

**Canopy und Case:** Lightweight and durable polyester fabric in black, matt finish; case made of the same material as the canopy with black inner lining, practical oval opening, and piping

### For ladies and gents

This handy pocket umbrella with automatic open/close features an innovative and exceptionally smooth sliding mechanism when closing. This allows the shaft to be easily push back together after closing with minimal effort. Due to its lightweight, the pocket umbrella also fits comfortably in the hand and can be carried comfortably for a long time

32Z7

#### For ladies and gents

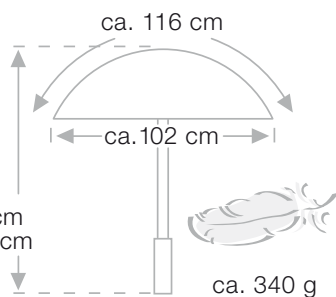

Perfect for the car! The compact open/close pocket umbrella opens and closes in reverse. This means that when closing the umbrella, no water splashes down but is collected in the canopy. No unintended rain shower when getting in or out of your car.

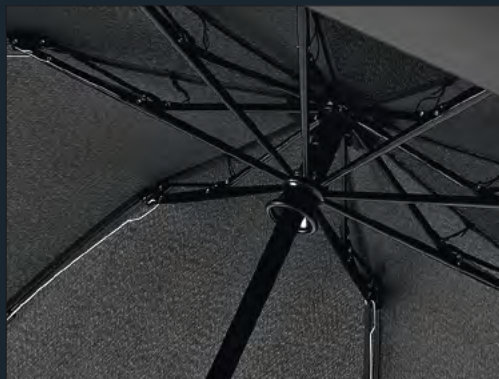

#### Colour:

black  
open: ca. 62 cm  
closed: ca. 30 cm

## Reverse opening and closing – A real improvement for everyday life!

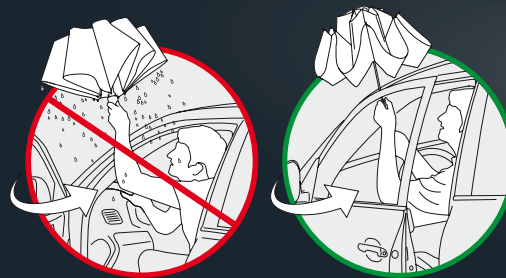

**Frame:** Innovative, resistant metal frame with open/close automatic; 8 ribs reinforced with fiberglass (windproof); 3-part, robust 6-sided metal shaft in black.

**Handle:** Straight, sporty handle made of plastic in black, matt finish; with nylon carrying loop and integrated release button for opening and closing.

**Canopy und Case:** Lightweight and durable polyester fabric in black, matt finish; case made of the same material as the canopy and black inner lining, practical oval opening, and piping.

## Extra-large canopy and compact when closed

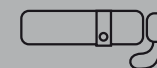

**Frame:** Wind-resistant metal and fiberglass ribs. Automatic open/close function. A push of a button is enough, and the umbrella closes automatically. Sturdy 3-part metal shaft in black.

**Handle and Tips:** Elegant ABS plastic handle in matt black finish. Comfortable to hold. With a practical hand strap and an integrated release button in the handle. Black plastic tips, 100% attached to the ribs.

**Canopy, Case, and Closure Band:** Polyester Pongee fabric (matt look). Practical case with an oval opening and piping, made of the same fabric as the canopy. 25mm wide closure band with metal press button.

3432

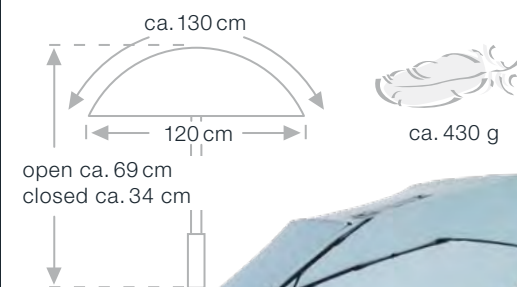

**The fully automatic pocket umbrella surprises with its surprisingly large canopy and high wind stability. For ladies and gents.**

The umbrella for all occasions – space-saving when closed, and when opened with a diameter of 120 cm, the canopy is large enough to protect even two people from the rain. Thanks to the latest technology, the umbrella can withstand even stronger gusts of wind without damage.

TÜV Rheinland® is a registered trademark of TÜV Rheinland. Note according to the Battery Act (BattG): Since we sell umbrellas with batteries (button cells), we are obligated under the Battery Act (BattG) to inform you of the following: Batteries must not be disposed of in household waste; you are legally obliged to return used batteries. Used batteries may contain pollutants that can harm the environment or your health if not stored or disposed of properly. However, batteries also contain important raw materials such as iron, zinc, manganese, or nickel and can be recycled. You can either return the batteries to us after use or return them free of charge in the immediate vicinity (e.g. in stores or at municipal collection points).

This crossed-out trash can means that you are not allowed to dispose of batteries in household waste. Our WEEE registration number according to the Electrical and Electronic Equipment Act is: DE 17632241. This concerns: the umbrella on page 20.
